To the Trade

SAN FRANCISCO, January 1, 1896.

WE again have the pleasure in presenting to you our **Wholesale Catalogue**. All our Stocks are up to the usual standard of quality and are identically the same stocks we supply thousands of market gardeners all over the coast, Central and South America and Sandwich Islands, etc.

The bulk of our Seeds are grown in Santa Clara. It is now well known that California is the largest seed-producing State in this country. The farms cover an area of 5,000 acres, producing almost the entire supply of Onions, Lettuce, Salsify, Celery, Sweet Peas, etc., that are used by the critical Seed Trade of United States; hence we feel no hesitancy in saying that they are purest and best to be found. At the same time, however, it must be distinctly understood, since the success of a crop is dependent upon so many contingencies, as conditions of soil and climate, mode of planting, etc., that we cannot warrant our Seeds or hold ourselves responsible for any loss or damage arising from any failure thereof.

OUR ILLUSTRATED CATALOGUE

Contains full directions for culture and descriptions of all varieties herein named, with other useful information

. . . TELEGRAPH CIPHER . . .

A Telegraph Cipher is attached to each article, which will enable customers to order by wire at little expense, for example:

Five, Amber.....Means 5 lbs. of Early Blood Turnip Beet
 King, Arm.....Means 100 lbs. German Black Wax Beans

100 lbs.....	King	600 lbs.....	Kitten
200 lbs.....	Kinsman	700 lbs.....	Knack
300 lbs.....	Kipper	800 lbs.....	Knave
400 lbs.....	Kitchen	900 lbs.....	Knead
500 lbs.....	Kite	1000 lbs.....	Knee
One Ton.....			Knife

Cox Seed and Plant Co's

For the Season of
1895-96

WHOLESALE PRIGE LIST

The Quotations in this List are for the
Wholesale Trade Only

VEGETABLE SEEDS

WHENEVER seeds are offered by the hundred lbs., 10 lbs. and upwards will be furnished at the **hundred lb. rate**. At the low rates quoted here, however, we cannot supply less than a **quarter lb.** at the **pound rate**. When, however, less quantities than these are wanted, they will be billed at retail rates, from which we will allow a discount of **25 per cent**. We reserve the right to decline orders for any one variety should the demand for it be likely to force us to shorten up customers who annually depend on us for their general supplies of seeds.

Satisfactory Reference Required from unknown correspondents
requiring credit.

Cox's Selected Melon Seeds

SEEDS saved from only selected Melons. The San Francisco Markets are noted for their fine, large melons. It has always been our aim to furnish market gardeners and wholesale customers with only the finest seeds obtainable, and as we have had many acres of Melons raised for our special trade, and under our supervision, we feel warranted in claiming that seeds of finer quality cannot be obtained.

OUR Onion Seed is all grown from
 ● choice selected bulbs, on the seed
 ● farms of Santa Clara, Cal. It is a
 ● well known fact to the seed mer-
 ● chants of United States that Santa
 ● Clara grown seed is **heavier**,
 ● **plumper**, and produces **finer**
 ● **Onions** than seed grown in any
 ● other part of the world. Our sales
 ● of Onion Seed this past season
 ● were over **75,000 pounds**. . . .

Grass and Clover

SEED

PRICES SUBJECT TO VARIATIONS
OF THE MARKET

TERMS - - - - NET CASH

RED CLOVER

We sell the highest grades of Grass and Clover Seeds that are offered in this country. The difference in price between choice, clean seed, and second or third quality, is from one to two cents per pound.

We do not compete with samples offered by commission merchants, many of whom have no knowledge of the seeds they sell, whether good, bad or indifferent. Be sure and obtain our samples and prices before you buy elsewhere.

We are always in the market to buy Alfalfa, Clover, Timothy, or other seeds (Choice Samples only).

PALM SEEDS

ORDERS for all Palm Seeds are booked and forwarded as the various species reach us. Only such seeds are sent out as we believe will give satisfaction. Their vitality cannot be tested before the sale. Many varieties do not hold their vitality but a very short time and should be planted as soon as received. We cannot warrant this class of seeds, nor will we hold ourselves responsible for the crop. If the purchaser does not accept the seeds on these terms, they must be returned at once.

FRESH SEEDS ARRIVE CONSTANTLY FROM
